

Private Tables at Brawl in the Hall

First and foremost we try to accommodate every style of player at the event, so long as they wouldn't detract from other's enjoyment. To that end we have introduced "Private Tables". Some folk's love the games but aren't to fond of playing folks they don't know. Now getting out of the house away from the wife & kids to play a game with friends that's a whole different story.

The idea simply put is this you and your friends come in and for every pair of you that pay entry, I'll give you a table. You can play 40K or any other game on it, play with our missions or use your own, stick with a table or switch it up throughout the day. Heck you could even sling together a bunch of tables and to do an Apocalypse game. How you choose to have fun is up to you. We will provide the tables, terrain, set up and tear down. All you need to do is show up and have fun. You would also still be in the running for all the door prizes, which is fairly significant, all for the cost of a movie.
